

Section 2 – The Challenge

You have been approached by a Venture Capital Fund. The Board of Directors are currently reviewing 1,000 potentially interesting startups and deciding on which ones they are going to invest in.

The criterion for selecting investments for this fund is a combination of:

- High Revenue (2015)
- Low Expenses (2015)
- Top Growth (2015)

Your task is to assist the Board in identifying which businesses represent the best investment opportunities.
